Aim

The Centre acknowledges the value of relevant excursions in allowing children to gain a greater insight of the society in which they live, and learn from these experiences. Our Centre will actively seek to minimise any risks associated with excursions, and respond promptly and appropriately to any emergency whilst on an excursion. Educators will educate children and families regarding safe road (or other transport) and play practices.

Implementation

Our educators recognise that excursions and regular outings offer a fun way of connecting children with their community, contribute to their sense of belonging and provide endless opportunities to extend children's learning. Information gained during excursions can be used to plan ongoing activities and experiences that may last days or weeks as learning about one thing leads to new and exciting discoveries about related or different topics.

Excursions also allow educators to demonstrate how their practice is shaped by meaningful engagement with the community.

Children's health, safety and wellbeing during excursions and regular outings is a priority. Children will only be taken on an excursion or regular outing if we have appropriate authorisation and they will always be conducted in ways that minimise and address any risks identified in our risk assessments.

Our Centre will actively seek to minimise any risks associated with excursions, and respond promptly and appropriately to any emergency whilst on an excursion.

Excursion Procedures:

When organising the excursion, the following procedures must be carried out:

- Choose a safe venue
- Order coach / bus with seat belts
- Organise the permission form and details of excursion
- The Nominated Supervisor or Responsible Person in Day to Day Charge of the service must attend the excursion
- The Nominated Supervisor or Responsible Person in Day to Day Charge of the service will not include themselves in ratio
- Organise staff members to ensure that there are enough educators present to adequately supervise during the excursion – additional staff, above the minimum ratio may be required – minimum one educator for every 6 children over 3 attending including one qualified educator for every 11 children, excluding the Person in day-to-day Charge of the service. Staff attending the excursion must meet the required educator to child ratios and qualifications, and hold current approved first aid, anaphylaxis management and emergency asthma management training.
- Organise for parent helpers / supervisors to attend the excursion on the day – this will not change the care ratio

Seating on the Bus

Nominated Supervisor, Certified Supervisor, educators, staff and volunteers should seat their children in the seat and secure the child into a seatbelt. The Nominated Supervisor, Certified Supervisor, educators, staff and volunteers should sit close to or with the children to whom they have been allocated. Gift Shop

The group should not enter the gift shop unless it cannot be avoided. Children are not encouraged to bring money for purchases and time will not be allocated for this.

Excursion Evaluation

After each excursion the Nominated Supervisor, Certified Supervisor, educators, staff and volunteers should reflect on the excursion and evaluate its successes and possible changes to develop sound procedures for future excursions. The reflection may consider the following:

- Supervision
- Safety
- Itinerary
- Education value
- Food
- Time allocations

The reflection should be documented and saved with the excursion documents on the K Drive.

Excursion Risk Assessment and Planning Process

- The Centre must conduct a risk assessment prior to an excursion taking place
- Risk assessments are only required once if the excursion is a regular outing. Regular outings are walks, drives or trips to places that we visit regularly and which always have the same risks.
- The risk assessment must be recorded using the Excursion Risk Assessment form. Parents will receive the Excursion Risk Assessment as part of the Authorisation for Excursion Form prior to the excursion.
- Using the Excursion Risk Assessment form, the Centre must take into consideration the following:
 - Any risk that the excursion may pose to the safety, health and wellbeing of any child and identify how these risks will be managed and minimised.
 - Animal exposure
 - Stranger interference
 - Proposed route (to and from)
 - Any water hazards
 - Any risks associated with water-based activities
 - Transportation (to and from) and child restraint / seat belt requirements
 - The process for entering and exiting the Centre premises or destination, and procedures for embarking and disembarking transport, including how each child will be accounted for.
 - The ratio of adults and children involved in the excursion, which must comply with the ratios in the *Staffing Arrangement Policy*.
 - The number of educators or other responsible adults appropriate to provide supervision and whether any adults with specialised skills are required.
 - Whether extra adults are required for supervision / safety – educator to child ratios are minimum requirements. You may discuss supervision strategies at a staff meeting e.g. sourcing high viz vests and ropes which children can hold on to.
 - Specialised skills required (such as life-saving skills)
 - Proposed activities
 - Availability of shade
 - Proposed duration
 - Any medical conditions that need to be considered and managed for each child with specific health needs
 - Items to be taken by the Nominated Supervisor (mobile phone, emergency contact details etc.)
 - Items to be taken by the children, if any
- The Risk Assessment Checklist must also be conducted prior to any excursion
- A parent or authorised nominee must provide a written authority for each child who is attending the excursion using the Authorisation for Excursion Form. This authorisation only needs to be obtained once every 12 months for regular excursions.
- Using the Authorisation for Excursion Form, the Centre will ensure that the emergency contact details for each child are up-to-date.

The Nominated Supervisor will update risk assessments for regular outings and obtain new authorisations from parents / guardians when circumstances that may affect the arrangements change, including for example:

- Weather conditions (summer versus winter, extreme weather events like heatwaves, floods and bushfires).
- Changes in routes for example because of road works
- The numbers and vulnerabilities of children.

Transport Considerations

The means of transport must be stated on the permission note.

Buses – ensure that the seating capacity as displayed on the compliance plate is not exceeded. All children must sit on seats, preferably with, or close to, an adult. When hiring a bus, the bus must have seatbelts. Seatbelt guidelines must be followed at all times.

Public Transport – contact Public Transport Victoria prior to the excursion to inform them of the mode of travel, time you will be travelling, the destination and the number of children and adults who will be travelling. Arrangements should be made to arrive at the station / stop to inform the train guard so that he / she can hold the train / bus / tram for the period of time for safe boarding and alighting. All children should be seated at all times, with an adult close by. All children in the one carriage / section, if possible.

Cars – Any motor vehicle that is used to transport children on excursion (other than a motor vehicle with seating for more than nine persons) is fitted with child restraints and / or seatbelts that are appropriate for the age and weight of each child, that conform to the Australian Standards, and are professionally installed or checked by an authorised restraint fitter.

Insurance

An excursion plan must be consistent with the requirements / exclusions of the Public Liability Cover held by the Centre.

Authorisation

All excursions must be planned and then submitted to the Approved Provider for approval prior to the excursion taking place. The Nominated Supervisor should not allow an excursion to take place without this authority at any time.

On the day of the excursion the Nominated Supervisor must inform the Approved Provider when they are leaving and the number of children and adults in attendance. They must repeat the same once they arrive back at the Centre on conclusion of the Excursion.

Centre Events

Incursions are planned regularly to add value to the educational program for children at the Centre. Special occasion days are held at the Centre to enhance each child's connections with their broader community.

Centre events are documented on a calendar of events document which is distributed to families on enrolment. Notices about upcoming events are placed in the foyer of the Centre as a reminder to families. The Nominated Supervisor, Certified Supervisors, educators and staff will ensure that permission is sought when activities within the program include:

- Taking children into the carpark
- When children are eating something outside of the Centre's planned menu
- Prior to using face paint on a child
- Prior to using coloured hair spray on a child's hair
- Prior to a special program being held at the Centre

In the event that a parent does not indicate that the child can or cannot participate the Nominated Supervisor, Certified Supervisors, educators and staff will contact the parent to clarify.
